Dear Gene,

I would like to apply for special consideration of my application for a patent due to the fact that I am over 65 years of age. My actual date of birth is October 8, 1929, making me 72 years of age this month.

I have included a copy of my birth certificate but it is very difficult to read.

I hope this information is adequate to establish that I am over 65 years of age. If there is anything else that you might need, please call me.

Regards,

Charles Dickinson
